DEDICATION

Reminiscing is a word that brings to mind the special memories of the school year, the places and the people that are involved in our lives. For this reason the annual committee choose Katherine Cardwell as the special person who deserves to receive the 1979 SENATOR dedication honor. She is involved on our school immensely by working as one of the best business education teachers RHS has ever had and by being involved with organizations such as FBLA.

When asked to do something , Mrs. Cardwell is always there with her full support. She is an outstanding leader in education and she really cares for the people she is around.

We thank her for being Mrs. Katherine Cardwell. She well deserves the dedication of this yearbook.

Your Editors

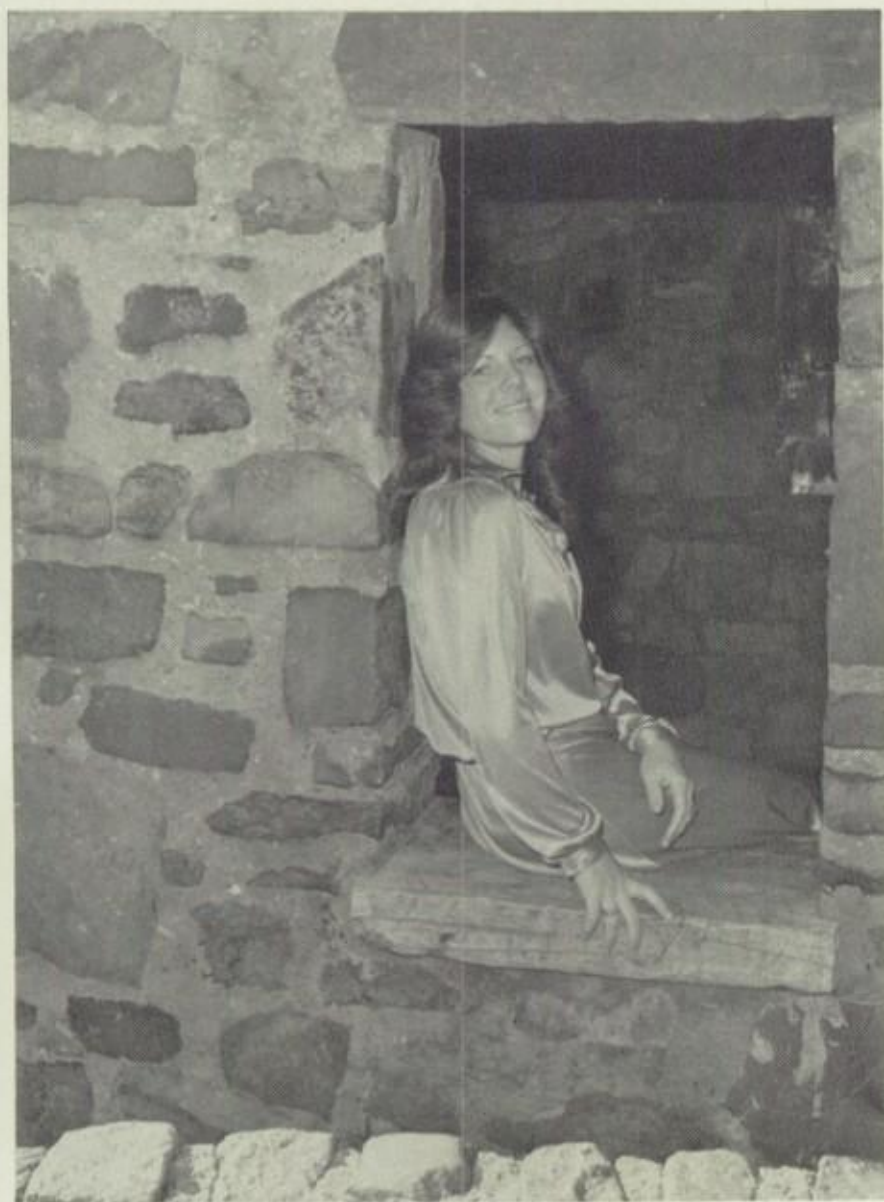

Bonnie Bowman

Hi! I hope you have enjoyed yourself as you looked through the pages of the yearbook. "Reminiscing" should be a book full of your memories. Hopefully it surpasses your expectations. Since this is my second and last year as an editor of the SENATOR it is very special to me. I feel that each year the quality of RHS's yearbooks get better and better and so far this is the best. The time and work that Leisa, all the section editors and staff members put into it deserves a special recognition. Thank you for your efforts.

AND SENIORS --- THANKS FOR BEING THE BEST CLASS EVER TO GRADUATE FROM JOE T. ROBINSON --- THIS IS YOUR YEARBOOK!

Best Wishes,
Bonnie Bowman

Leisa Tolliver

My first year to have a position on the yearbook staff has been both enjoyable and a great challenge. I have learned many new things and I hope that the students feel some of the excitement that was put into the development of the yearbook.

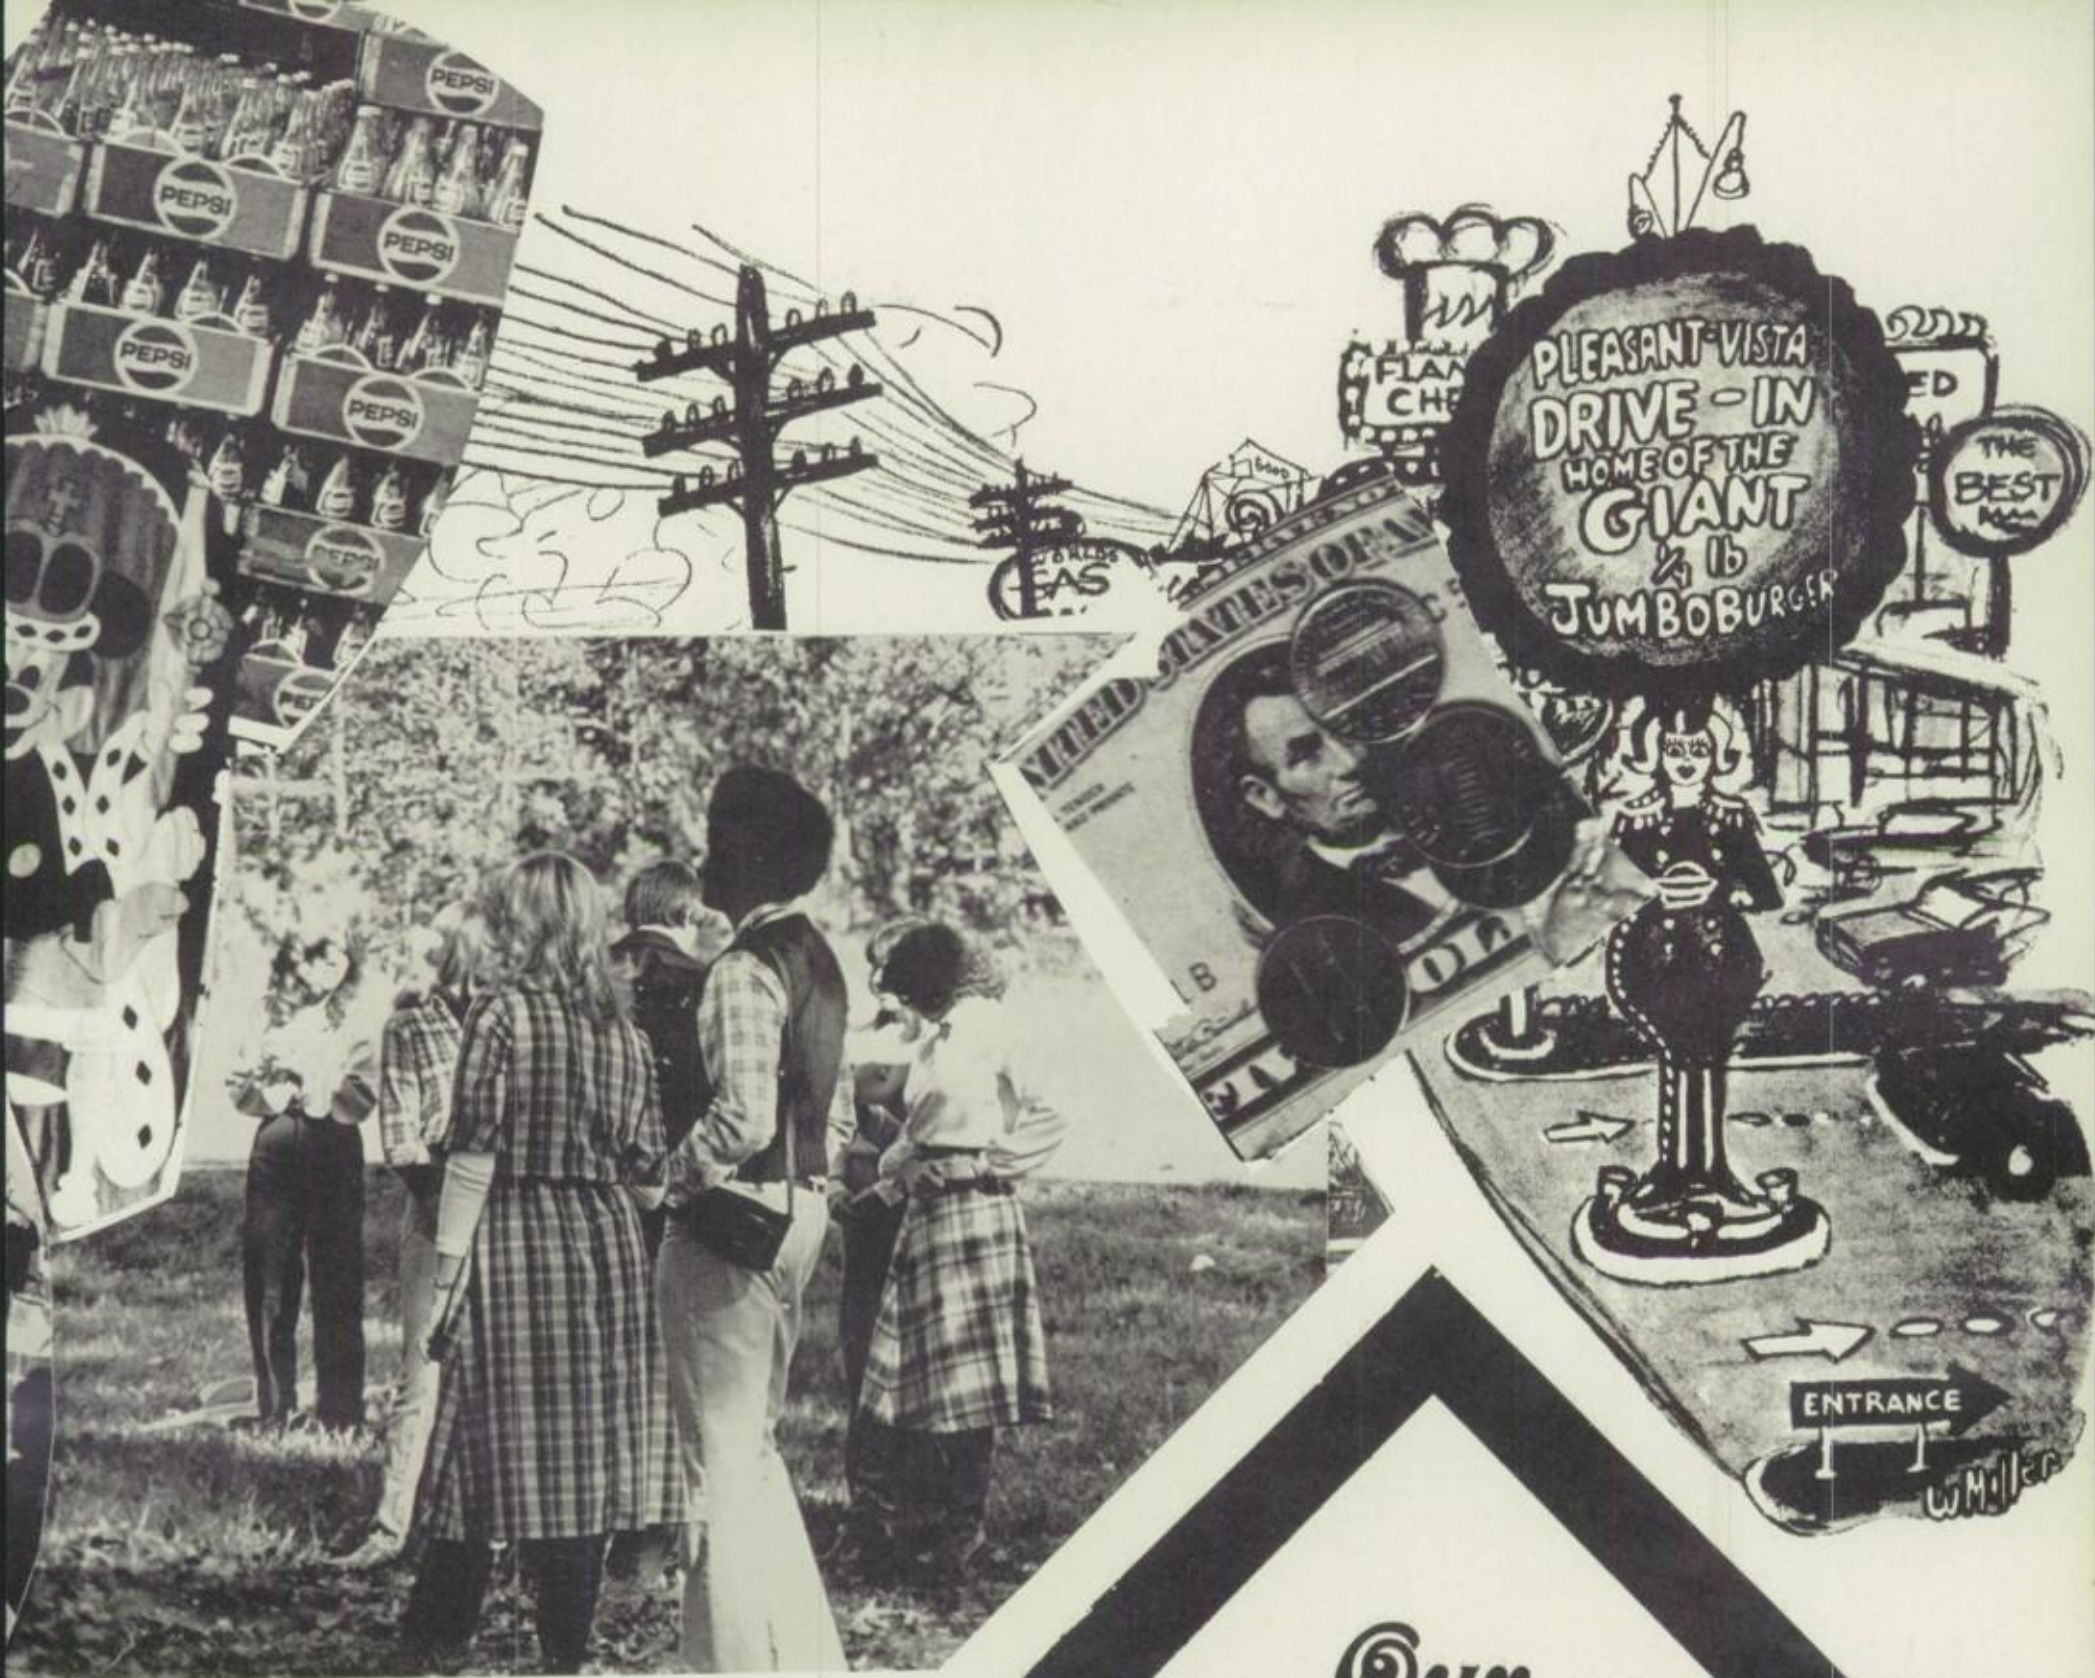

I have learned to look at the events of the school year in a new perspective.

I hope that we have captured the spirit of the year and the pages will make your memories of 1978-79 at Robinson unforgettable.

Many thanks to the people who helped me make it through the year. My thanks also to Bonnie.

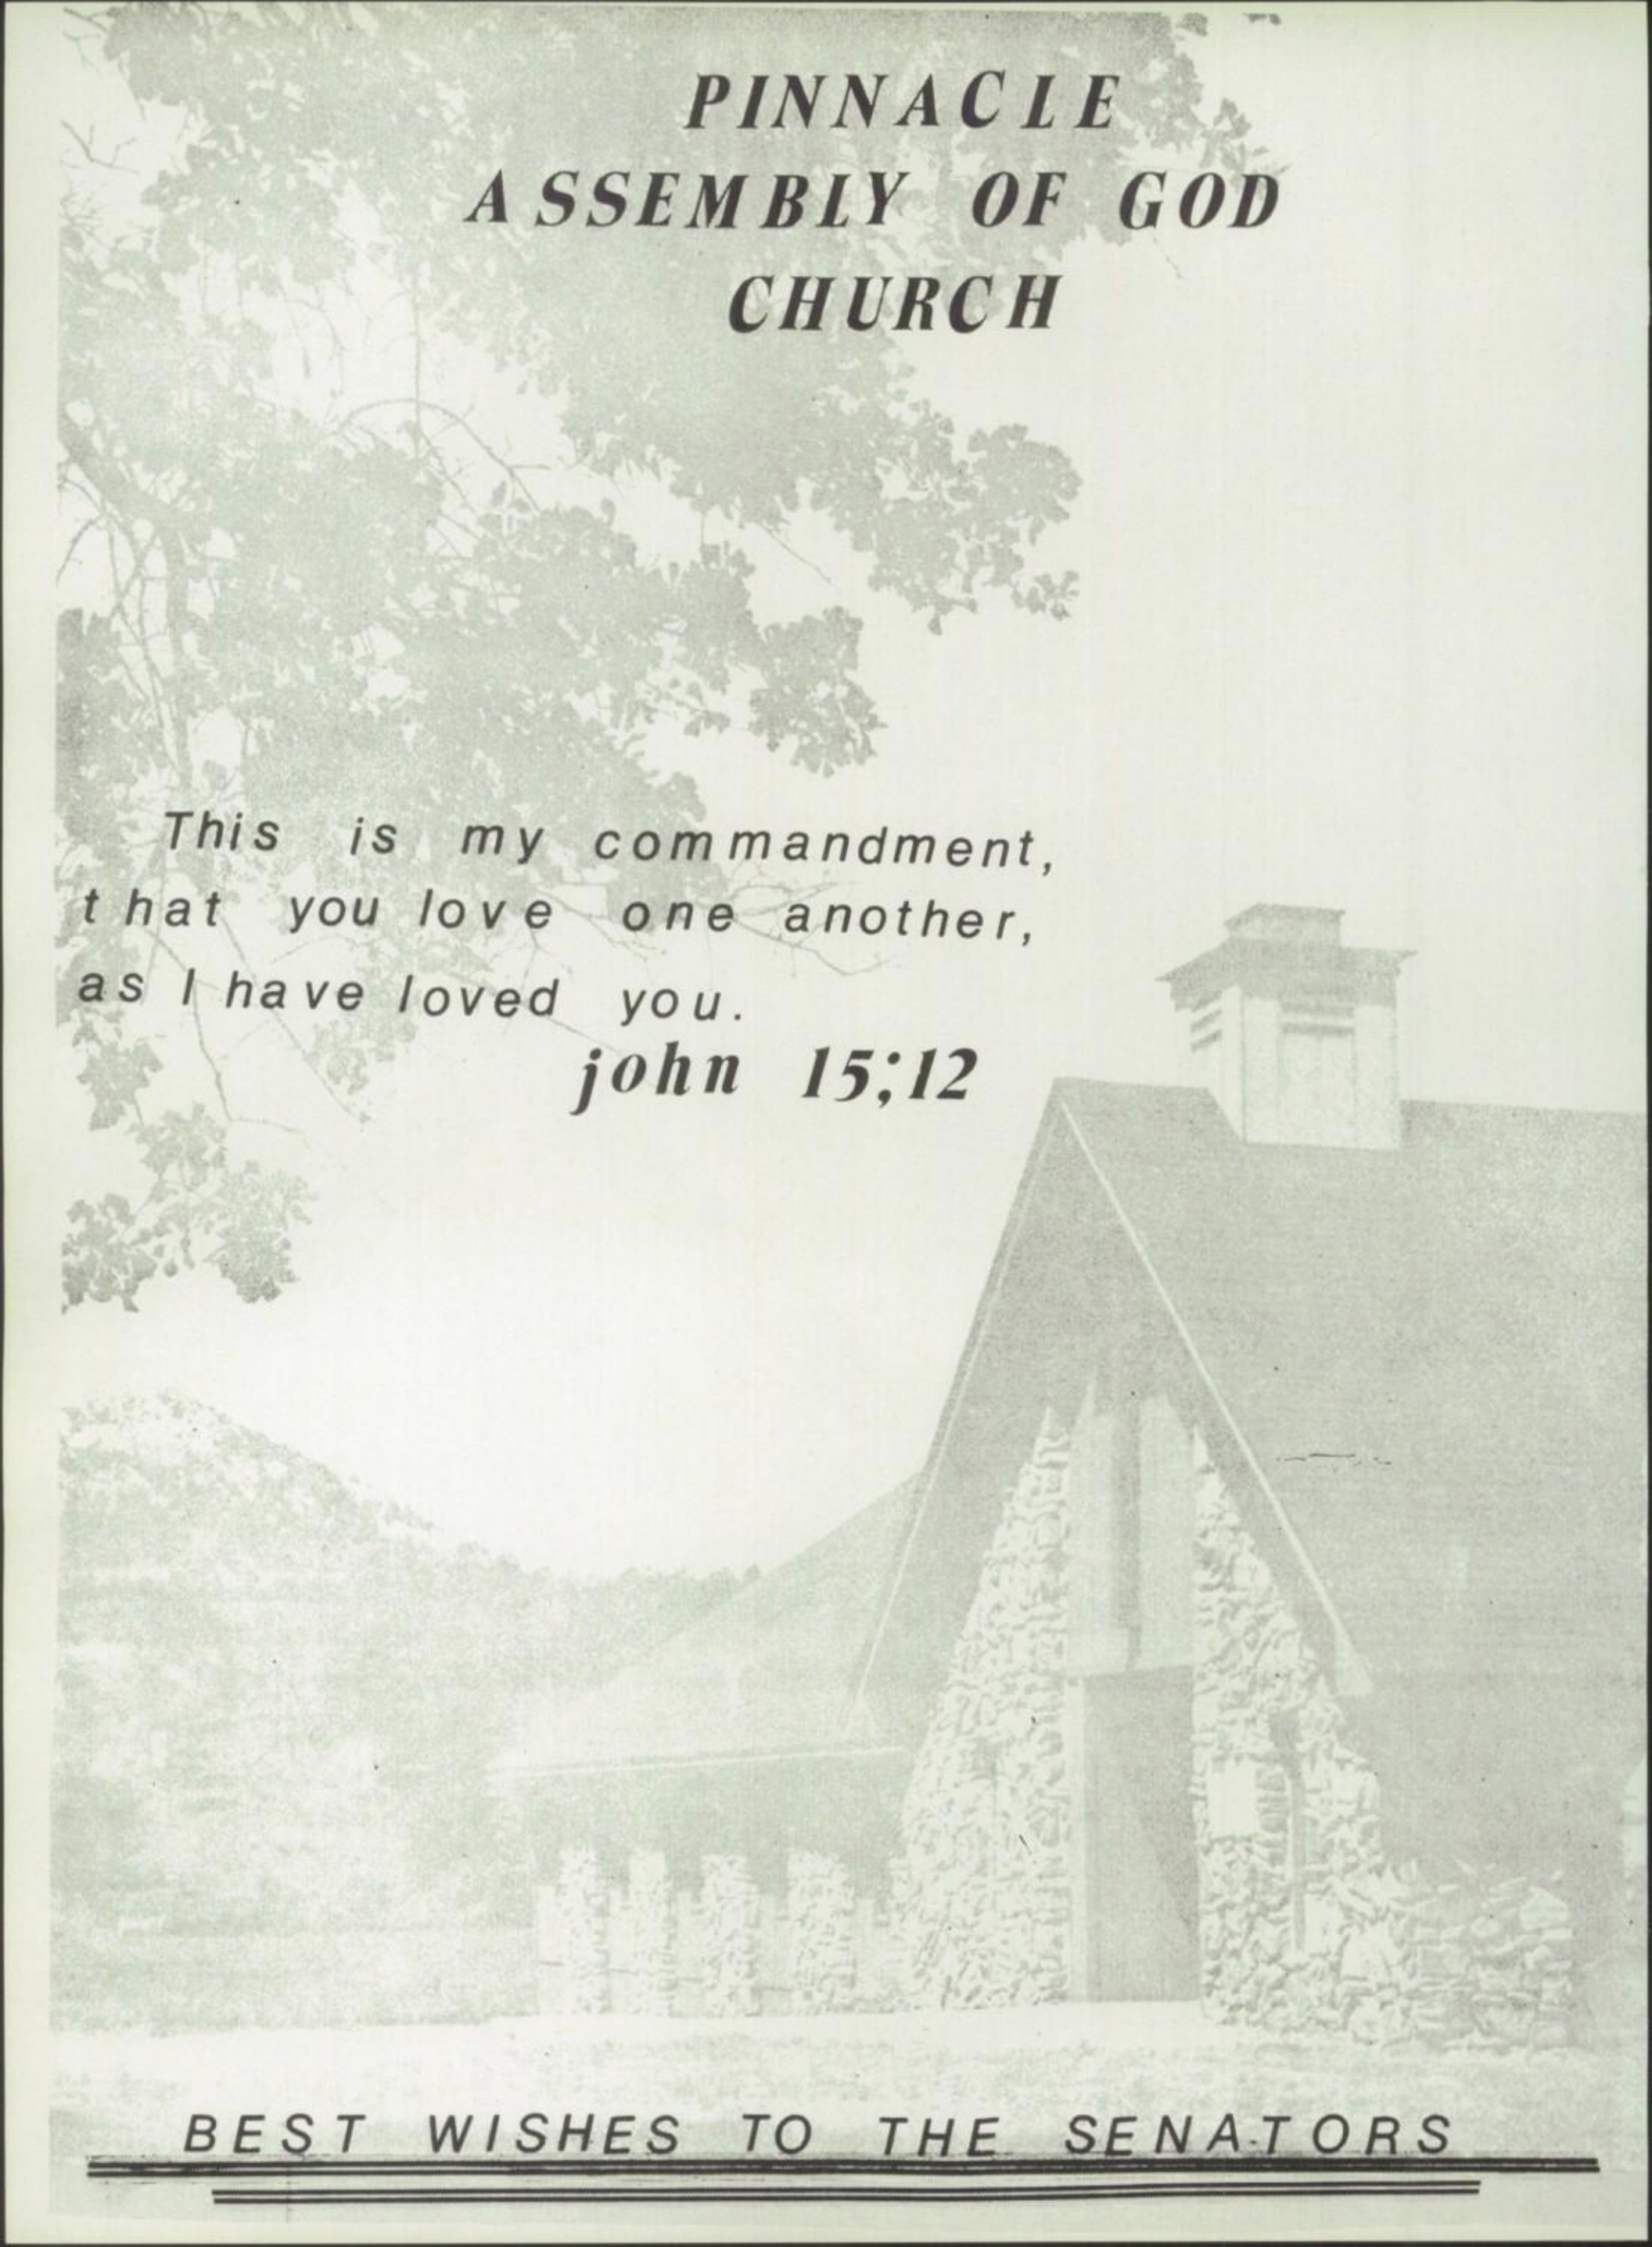

Leisa Tolliver
